

SITHIRA BIMSARA

IT UNDERGRADUATE

PROFILE INFO

As an IT undergraduate with a passion for technology, I am eager to learn and grow in the field. With strong skills in programming languages such as Java and Python, I am well-equipped to contribute to the development of innovative technology solutions. In addition to my technical abilities, I possess strong analytical and problem-solving skills, as well as excellent communication and teamwork abilities. I am currently seeking opportunities to gain practical experience and make meaningful contributions to the industry. I am open to exploring internships or entry-level job opportunities at companies that align with my interests and career goals. Furthermore, I enjoy working on personal projects to further develop my skills and explore new areas of interest.

PROJECTS

➤ Quizz 2nd Year Project

Our second-year project involves the development of a mobile app that utilizes a questionnaire-based system with a web-based admin panel to monitor and maintain the mobile app. I am contributing to implement payment method in the software
